

# WHERE SHOULD OUR NEW LIBRARY BE?

The Board of Trustees of The Powell River Public Library invites you to tell us which site(s) we should consider for a new Library. All site owners and interested citizens including those in the Regional District are encouraged to respond.

We will evaluate all locations that have the required attributes published in *New Public Library Site Selection Criteria*, a report approved by the Library Board. This report and a complete record of the New Library Project may be viewed in the Library or on the New Library page of the Library's website, [www.powellriverlibrary.ca](http://www.powellriverlibrary.ca).
